## Hands-On Locksmith Training Class Aluminum Storefront

### Servicing Aluminum Storefront Doors

Certified ALOA Instructor

ALOA Class #B008

Learn about aluminum Store Fronts and Frames, as well as the hardware used. This will include door & frame construction, Locks, closer's, pivots and other hardware. It will be presented with an emphasis on installation, servicing, adjustments and retrofitting techniques. We will also be presenting ideas on how to improve security. There will be some "Hand-On" and will require you to bring some materials to class: Allen Wrenches and a set of screwdrivers.
